

2025 MAZDA CX-70

MILD HYBRID INLINE 6 TURBO

PLUG-IN HYBRID

FACTORY-RECOMMENDED MAINTENANCE

IN THE SERVICE OF DRIVERS

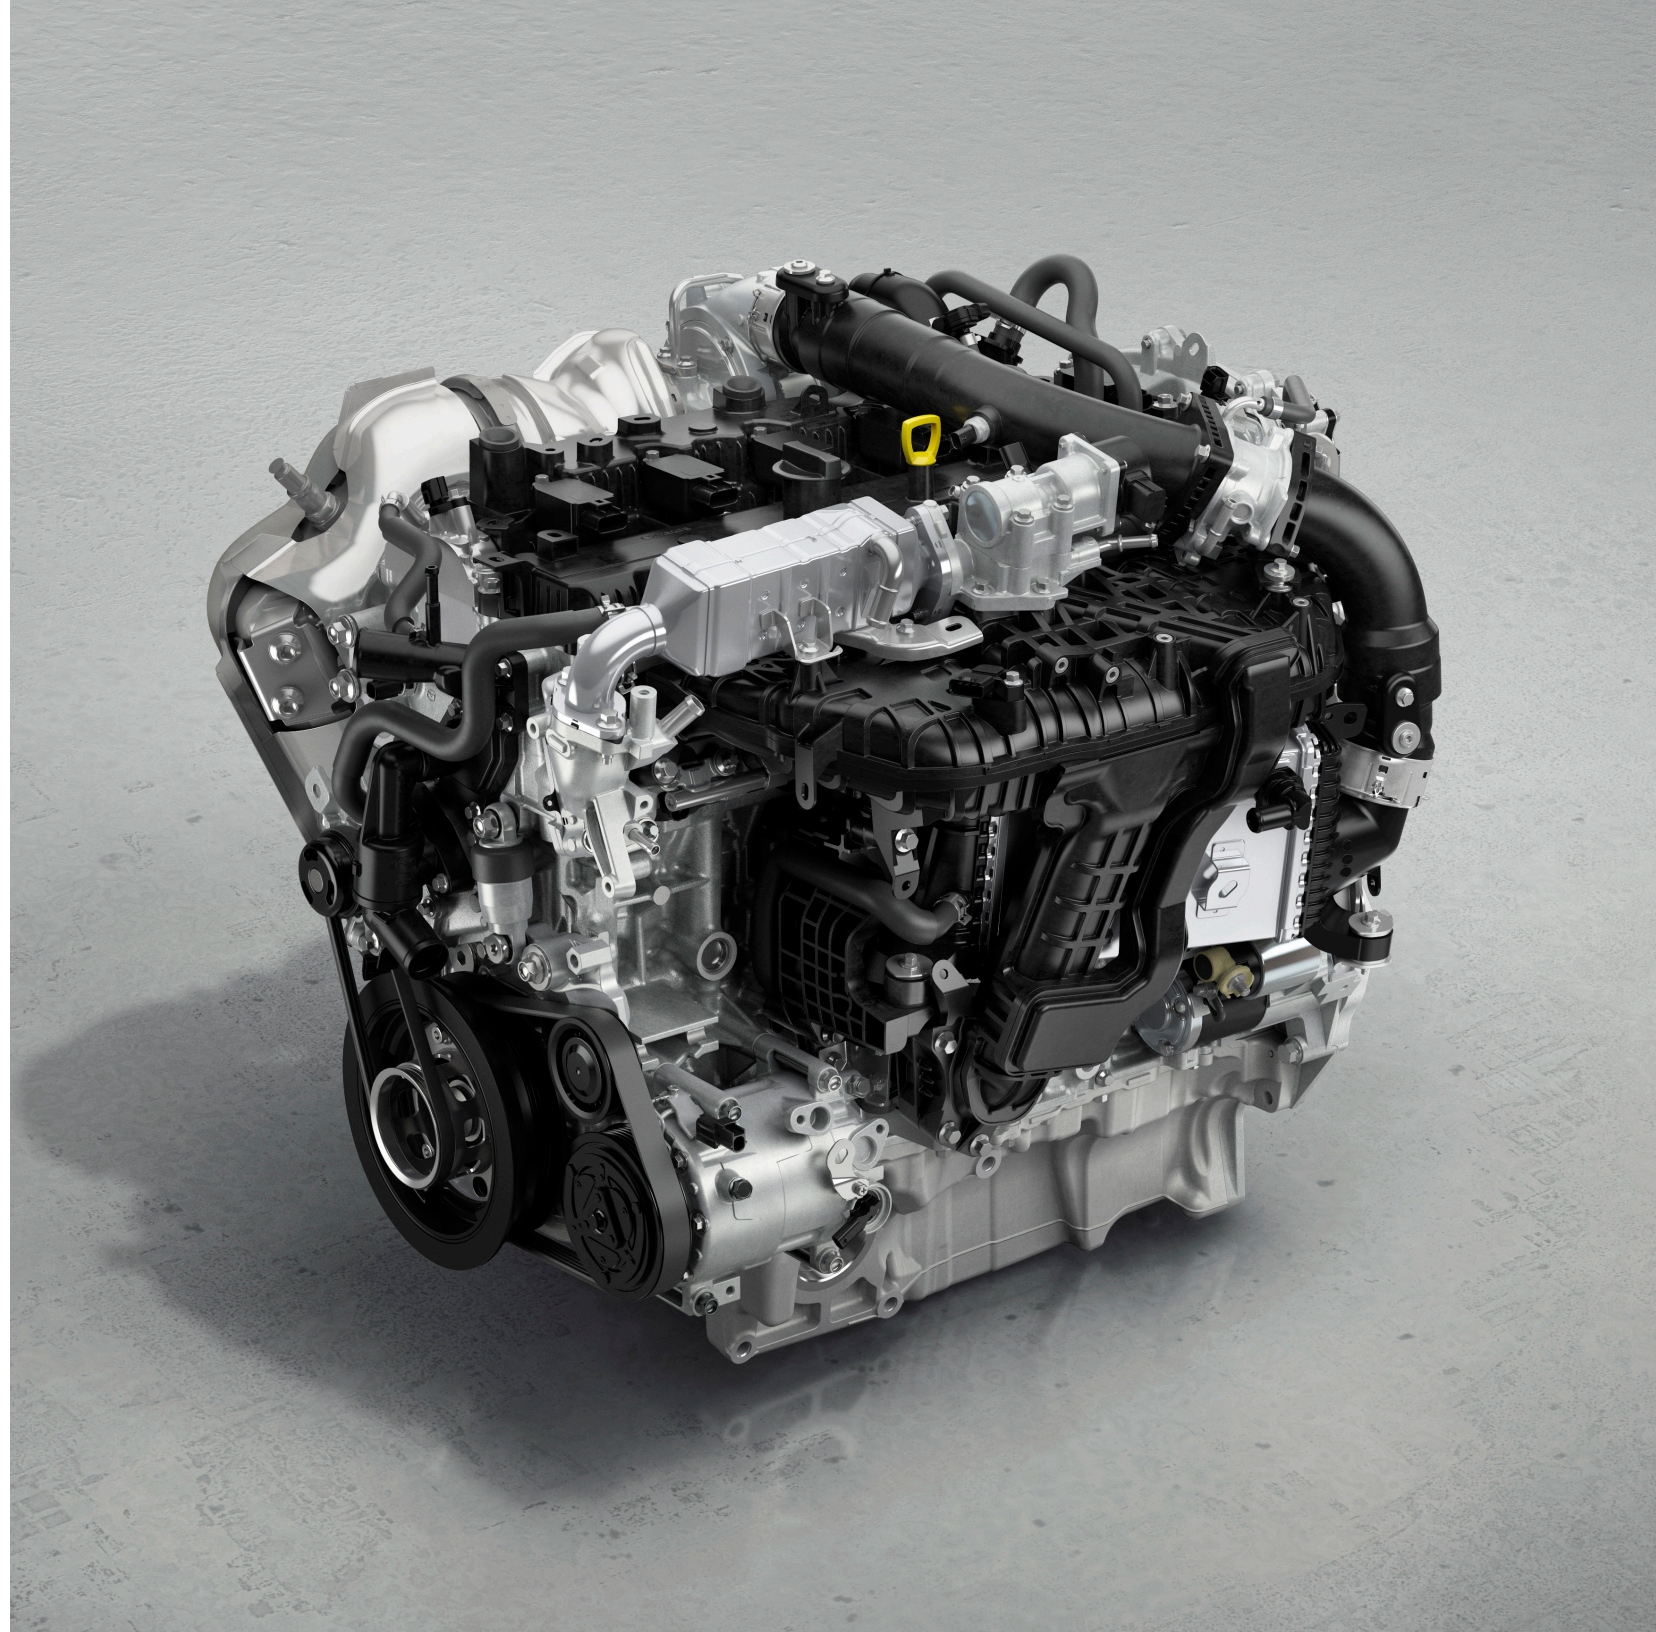

The first-ever Mazda CX-70 was crafted to move you. To preserve your vehicle's performance and value, adhere to the maintenance schedule detailed in your Owner's Manual. This brochure guides you through essential service procedures and highlights the benefits of regular maintenance at your Mazda retailer. Rooted in the tradition of Omotenashi, the Japanese hospitality principle, our Licensed technicians, masters of Mazda Genuine Service, ensure your CX-70 always receives trusted care.

UPLIFTING DYNAMIC DRIVING

With i-Activ AWD, your CX-70 is equipped to handle diverse road and weather conditions. At every kilometre, our team of Mazda service professionals are dedicated to maintaining the confident capability of your CX-70.

POWER TO PURSUE YOUR PASSIONS

Whether you choose the turbo-charged responsiveness of the CX-70's Mild Hybrid or the efficiency and versatility of the Plug-in Hybrid, count on our service experts to ensure your vehicle performs at its best, to empower the pursuit of your passions.

WHY CHOOSE MAZDA GENUINE SERVICE?

Maintenance is approached with a passion for Mazda and the promise to protect the joy in every drive.

EXPERT TECHNICIANS

Factory-trained professionals well-versed in the craftsmanship of your CX-70 – no one knows your Mazda's hybrid technology like we do

GENUINE MAZDA PARTS

The only parts engineered with the same quality, fit, finish and performance as your CX-70

STATE-OF-THE-ART FACILITIES AND TECHNOLOGY

Equipped with advanced tools for accurate and comprehensive service

TRANSPARENCY

Comprehensive vehicle inspection and Vehicle Health Check Report Card provided after every service appointment

GENUINE MAZDA OIL, THE LIFEBLOOD OF YOUR VEHICLE

Our lubricants have been approved by Mazda engineers. Combining leading-edge additive technology, delivering exceptional resistance to thermal breakdown, outstanding low temperature fluidity, and excellent engine protection against wear and deposit formation under the most severe driving conditions.

2025 MAZDA CX-70 MILD HYBRID INLINE 6 TURBO AND 2025 MAZDA CX-70 PLUG-IN HYBRID FACTORY-RECOMMENDED SERVICE SCHEDULE

ADDITIONAL SERVICES

Your 2025 Mazda CX-70 Mild Hybrid Inline 6 Turbo or 2025 Mazda CX-70 Plug-In Hybrid also requires the following:

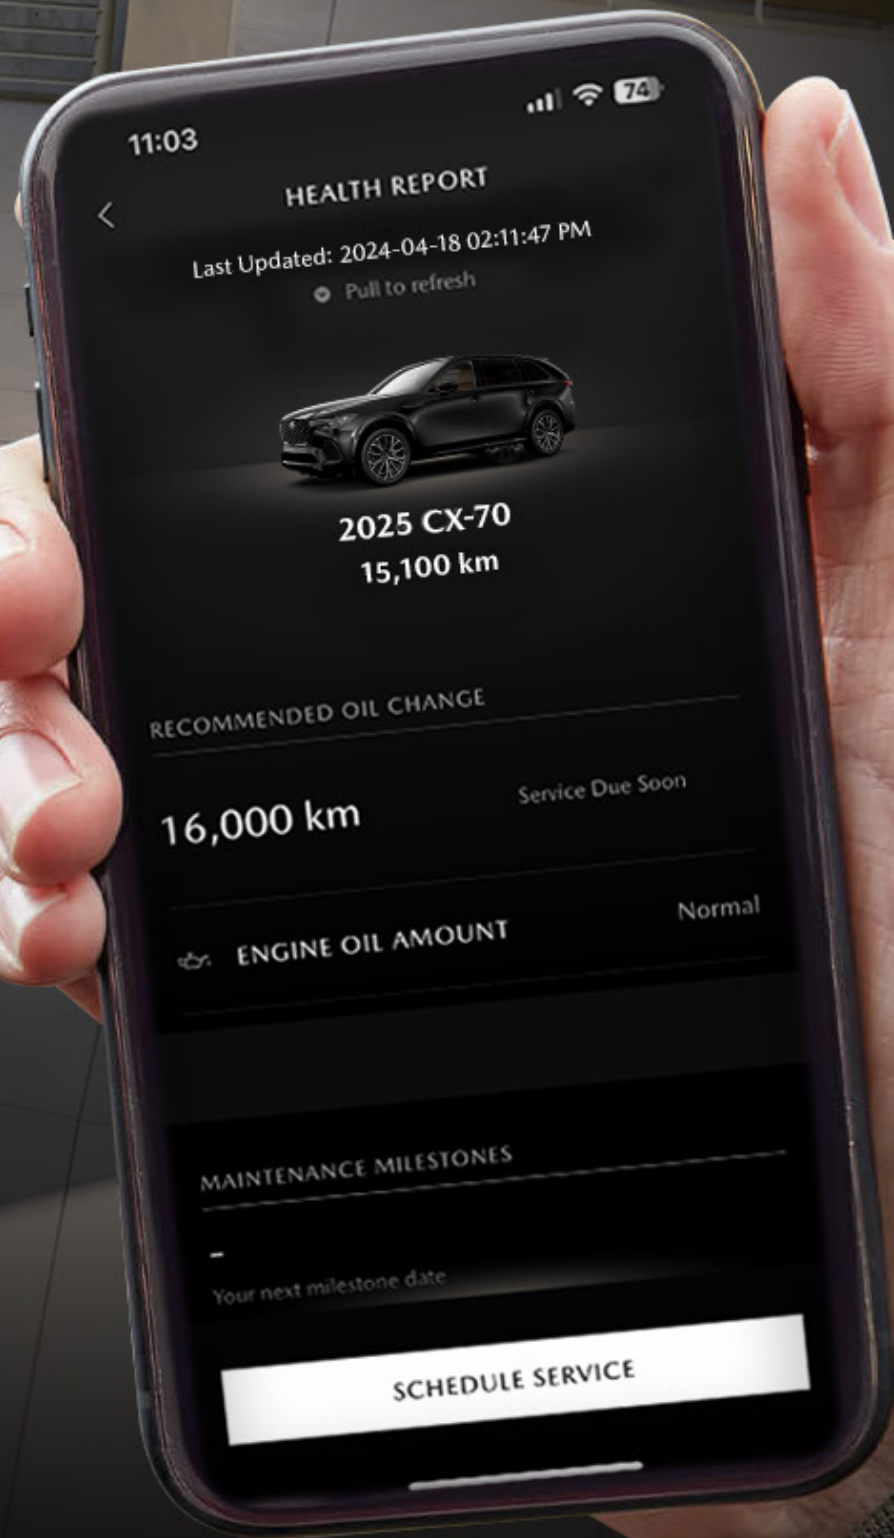

Your 2025 Mazda CX-70 Plug-In Hybrid also requires the following:

MAKE THE MOST OF THE MYMAZDA APP⁷

Stay updated with your Mazda's active health report - view oil and fuel levels, maintenance alerts and more at a glance.

REGULAR MAINTENANCE MATTERS

No one understands the human-centric engineering of your CX-70 better than the service experts at your Mazda retailer.

OPTIMAL ENGINE PERFORMANCE

Maintain peak performance with maintenance completed by our factory-trained technicians

SAFETY ASSURANCE

Our team ensures all safety systems are in proper working order

EXTENDED VEHICLE LIFETIME

Enjoy your CX-70 for many years to come when you follow your recommended maintenance schedule

PRESERVED RESALE VALUE

We are here to make your investment last and maintain your CX-70's value

VEHICLE STATUS MONITOR AND CONDITION-BASED MAINTENANCE

View important vehicle maintenance messages, information, and intervals right from Mazda Connect in your centre display. The Vehicle Status Monitor alerts you of maintenance needs, even allowing you to check the engine oil level without opening the hood.

Your CX-70 determines your maintenance requirements based on your actual driving conditions. When it is time for an oil change, your CX-70 will inform you by illuminating the wrench indicator light in the instrument cluster. We recommend contacting your Mazda retailer to book a service visit.

Expect your wrench indicator to illuminate before reaching the maximum interval of 16,000 KM or 12 months from your previous maintenance visit.

PRESERVE THE CRAFT AND MAINTAIN THE RELIABILITY OF YOUR CX-70 WITH GENUINE MAZDA PARTS

Agility you can feel; power that's ready when you are. Whether you drive the CX-70 Mild Hybrid with the e-SKYACTIV-G Inline 6 Turbo engine or the CX-70 Plug-In Hybrid with the e-SKYACTIV 2.5 L PHEV engine, always use Genuine Mazda Parts designed specifically for your CX-70 to help ensure reliability and longevity. When Mazda-trained technicians install your Genuine Mazda Parts, you automatically take advantage of our Replacement Parts Limited Warranty.⁸

SEASONAL MAINTENANCE TO PROTECT YOUR PEACE OF MIND

EXPERT PREPARATION

Our factory-trained technicians will prepare your CX-70 for seasonal demands, from oil changes to battery inspections

MAZDA APPROVED TIRES

Trust our experts to help you find the right tires for your Mazda – tailored for peak performance and safety, including winter tires designed for optimal grip in temperatures below 7°C

WHEEL ALIGNMENT

Proper wheel alignment is essential to the safe, smooth operation of a vehicle. Mazda highly recommends having your vehicle alignment checked regularly. It is a good practice to get alignment once per year.⁹

- ¹ Reset the engine oil data after replacing the engine oil regardless of the message/wrench indicator light display. Genuine Mazda Engine Oil GF-6 OW20 is the newest ILSAC engine oil performance standard aimed at improving fuel economy and enhancing engine capabilities.
- ² Inspect spare tire if equipped.
- ³ Unique Brake Fluid for Brake by Wire equipped for e-SKYACTIV models like CX-70 is required.
- ⁴ According to state/provincial and federal regulations, failure to perform maintenance on these items will not void your emissions warranties. However, Mazda recommends that all maintenance service be performed when the onboard vehicle status monitor indicates service is due to ensure long-term reliability.
- ⁵ Mazda Genuine Spark Plugs newly developed for the SKYACTIV-G (H3T), H3T is inline 6 gasoline engine with 48V mild hybrid boost battery – Use only Mazda Genuine Spark Plugs for H3T vehicles. Spark plug replacement should be only performed by a trained Mazda technician, not by a vehicle owner.
- ⁶ Use of FL-22 is required when replacing engine coolant. Using engine coolant other than FL-22 may cause serious damage to the engine and cooling system.
- ⁷ Connected Services features may differ slightly by carline. See Connected Services on mazda.ca for details.
- ⁸ Refer to your warranty information booklet.
- ⁹ Alignments are not part of your regular scheduled maintenance, but an additional service. Requirements are subject to road conditions experienced while driving.
