

2024 | 2025 MAZDA CX-30  
FACTORY-RECOMMENDED MAINTENANCE

## IN THE SERVICE OF DRIVERS

Crafted for agile movement, the CX-30 is prepared for your most adventurous journeys. To preserve your vehicle's performance and value, adhere to the maintenance schedule detailed in your Owner's Manual. This brochure guides you through essential service procedures and highlights the benefits of regular maintenance at your Mazda Retailer. Rooted in the tradition of omotenashi, the Japanese hospitality principle, our Licensed technicians, masters of Mazda Genuine Service, ensure your CX-30 always receives trusted care.

## OPTIMAL CONTROL IN EVERY CONDITION

With i-Activ AWD, your CX-30 monitors road conditions 200 times per second and responds automatically to give you optimum control even on Canada's winding roads. At every kilometre, our team of Mazda service professionals are dedicated to maintaining the capability of your CX-30.

## REFRESHING PERFORMANCE THAT MOVES YOU

Your CX-30 is equipped with our revolutionary Skyactiv Technology that produces agile responsiveness and spirited performance all while achieving impressive fuel economy. Allow our service experts to preserve the performance of your vehicle, so you can feel confident on every adventure.

## WHY CHOOSE MAZDA GENUINE SERVICE?

Maintenance is approached with a passion for Mazda and the promise to protect the joy in every drive. For maintenance service, Mazda recommends Genuine Mazda Parts and Genuine Mazda Premium Oil.

### **EXPERT TECHNICIANS**

Factory-trained professionals well-versed in the craftsmanship of your CX-30 – inside and out, no one knows your Mazda like we do.

### **GENUINE MAZDA PARTS**

The only parts engineered with the same quality, fit, finish and performance as your CX-30.

### **STATE-OF-THE-ART**

#### **FACILITIES & TECHNOLOGY**

Equipped with advanced tools for accurate and comprehensive service.

### **TRANSPARENCY**

Comprehensive vehicle inspection and Vehicle Health Check Report Card provided after every service appointment.

## GENUINE MAZDA OIL, THE LIFEBLOOD OF YOUR VEHICLE

Our lubricants have been approved by Mazda engineers. Combining leading-edge additive technology, delivering exceptional resistance to thermal breakdown, outstanding low temperature fluidity, and excellent engine protection against wear and deposit formation under the most severe driving conditions.

## 2024 AND 2025 MAZDA CX-30 FACTORY-RECOMMENDED SERVICE SCHEDULE

---

### ESSENTIAL SERVICE VISIT 1: OCCURS AT A MAXIMUM INTERVAL OF 16,000 KM OR 12 MONTHS<sup>1</sup>

REPLACE ENGINE COOLANT

Every 192,000 KM or 10 years<sup>1</sup>, after that, every 96,000 KM  
or 5 years<sup>7</sup>

## REGULAR MAINTENANCE MATTERS

No one understands the human-centric engineering of your CX-30 better than the service experts at your Mazda Retailer.

### OPTIMAL ENGINE PERFORMANCE

Maintain peak performance with maintenance completed by our factory-trained technicians.

### SAFETY ASSURANCE

Our team helps to ensure all safety systems are in proper working order.

### EXTENDED VEHICLE LIFETIME

Enjoy your CX-30 for many years to come when you follow your recommended maintenance schedule.

### PROTECTED RESALE VALUE

We are here to make your investment last and maintain the value of your CX-30.

## VEHICLE STATUS MONITOR AND CONDITION-BASED MAINTENANCE

View important vehicle maintenance messages, information, and intervals right from Mazda Connect in your centre display. The Vehicle Status Monitor alerts you of maintenance needs, even allowing you to check the engine oil level without opening the hood.

Your CX-30 determines your maintenance requirements based on your actual driving conditions. When it is time for an oil change, your CX-30 will inform you by illuminating the wrench indicator light in the instrument cluster. We recommend contacting your Mazda Retailer to book a service visit.

**Expect your wrench indicator to illuminate before reaching the maximum interval of 16,000 KM or 12 months<sup>1</sup> from your previous maintenance visit.**

## PRESERVE THE POWERFUL DRIVING DYNAMICS OF YOUR CX-30 WITH GENUINE MAZDA PARTS

The CX-30 is designed to move you in more ways than one. Ensure the reliability and longevity of your CX-30's Skyactiv-G engine (and available on select trims, Skyactiv-G 2.5T Dynamic Pressure Turbo engine) with parts designed for your vehicle – Genuine Mazda Parts. When Mazda-trained technicians install Genuine Mazda Parts, you can rest assured that they are protected by our Replacement Parts Limited Warranty.<sup>8</sup>

## SEASONAL MAINTENANCE TO PROTECT YOUR PEACE OF MIND

### EXPERT PREPARATION

Our factory-trained technicians will prepare your CX-30 for seasonal demands, from oil changes to battery inspections.

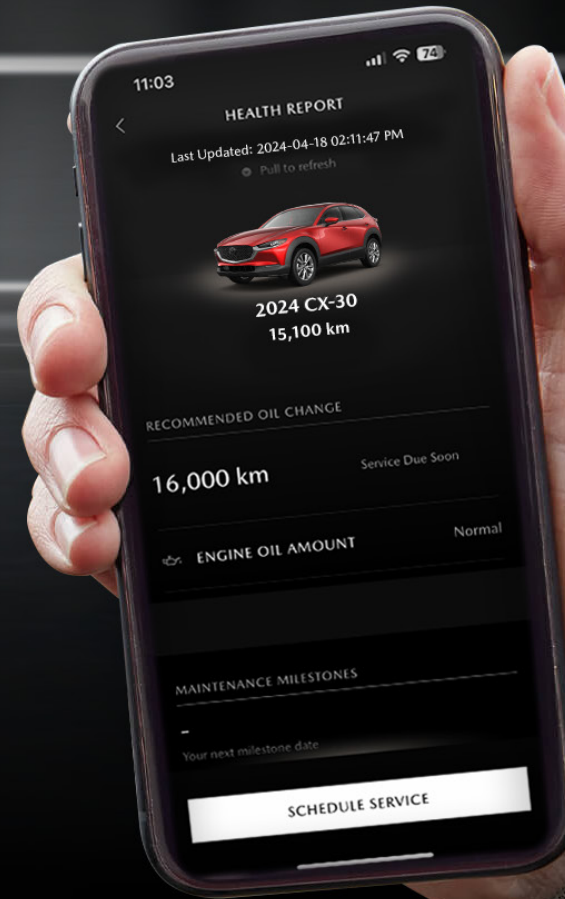

### MAZDA APPROVED TIRES

Trust our experts to help you find the right tires for your Mazda – tailored for peak performance and safety, including winter tires designed for optimal grip in temperatures below 7°C.

### WHEEL ALIGNMENT

Proper wheel alignment is essential to the safe, smooth operation of a vehicle. Mazda highly recommends having your vehicle alignment checked regularly. It is a good practice to get an alignment once per year.<sup>9</sup>

## MAKE THE MOST OF THE MYMAZDA APP<sup>10</sup>

Stay updated with your Mazda's active health report - view oil and fuel levels, maintenance alerts and more at a glance.

- 1 Maximum interval, whichever comes first.
- 2 Inspect is defined as: inspect and clean, repair, adjust, fill up, or replace if necessary.
- 3 Reset the engine oil data after replacing the engine oil regardless of the message/wrench indicator light display. It is recommended to use SAE 0W-20 engine oil for SKYACTIV-G 2.5 (Non-Turbo) and SAE 5W-30 engine oil for SKYACTIV-G 2.5T (Turbo).
- 4 Inspect spare tire if equipped.
- 5 According to state/provincial and federal regulations, failure to perform maintenance on these items will not void your emissions warranties. However, Mazda recommends that all maintenance service be performed at the recommended kilometre period to ensure long-term reliability or when the onboard vehicle status monitor indicates service is due to ensure long-term reliability.
- 6 Use only Mazda Genuine Spark Plugs. Spark plug replacement should be only performed by a trained Mazda technician, not by a vehicle owner.
- 7 Maximum interval, whichever comes first. Use of FL-22 is required when replacing engine coolant. Using engine coolant other than FL-22 may cause serious damage to the engine and cooling system.
- 8 Refer to your warranty information booklet.
- 9 Alignments are not part of your regular scheduled maintenance, but an additional service. Requirements are subject to road conditions experienced while driving.
- 10 Connected Services features may differ slightly by carline. See Connected Services on [mazda.ca](https://mazda.ca) for details.
