ADDED  
PROTECTION

## MORE REASONS TO LOVE THE DRIVE

Make sure every moment behind the wheel of your Mazda is a memorable one. With Mazda Added Protection (MAP), you'll enjoy enhanced coverage for repairs over and above your new-vehicle warranty. Because Mazda not only crafts vehicles that are a joy to drive, but also goes a little further to ensure a seamless ownership experience.

## MAZDA ADDED PROTECTION HIGHLIGHTS

- Fully backed by Mazda Canada, Mazda Added Protection protects you against the rising cost of unexpected repair bills after your new vehicle limited warranty expires;
- **NEW “Maintenance Inclusive” Plans** - Mazda Added Protection “NM” Plans provide you with the added value and convenience of covering up to FOUR (4) pre-paid scheduled engine oil and filter replacements;
- MAP covers over 2000 mechanical and electronic parts and components including Hybrid, EV, PHEV and MHEV technology;
- All new vehicle MAP plans include Roadside Assistance, Tire Road Hazard Coverage, and OEM Collision Parts GAP Coverage for your added peace of mind;
- Mazda Added Protection does not have maximum total claim limits;
- If your Mazda is off the road for a MAP covered repair for more than 24 hours, a rental vehicle is provided for up to 10 days;
- No deductible;
- Assurance that your vehicle is always serviced by factory-trained Technicians using Genuine Mazda Parts;

## CHOOSE YOUR MAP PLAN

Select the best Mazda Added Protection coverage for you.

NEW VEHICLE MAP PLANS				
	48 MONTHS	60 MONTHS	72 MONTHS	84 MONTHS
Unlimited km	●	●	●	
100,000 km	●**			
120,000 km		●**	●	
160,000 km			●	●
200,000 km				●

\*\* NM Plans include Scheduled Oil and Filter Replacements

# EVERY DRIVE IS A CONFIDENT DRIVE

Bring additional peace of mind to every drive with Mazda Added Protection (MAP). Sometimes the unexpected happens on the road, but MAP coverage can smooth the way by extending your new vehicle limited warranty coverage. Plans cover additional repair costs on over 2000+ components as well as include Roadside Assistance so you can relax and enjoy your journey even more. The following is a non-exhaustive list of the components covered under every new vehicle MAP plan.

## COVERED COMPONENTS

### ENGINE

- Crankshaft pulley
- Timing chain & sprocket
- Chain adjuster assembly
- Cylinder head and internal components
- Cylinder head cover assembly
- Intake & exhaust valves & guides
- Camshaft
- Cylinder block and internal components
- Crankshaft
- Main bearing
- Connecting rod & bearing
- Pistons & rings
- Balance shaft
- Engine mount
- Front cover
- Variable valve timing actuator
- Oil pan
- Seals and gaskets

### LUBRICATION SYSTEM

- Oil pump assembly
- Oil cooler
- Oil filler cap
- Oil level gauge

### COOLING SYSTEM

- Water pump assembly
- Thermostat & cover
- Radiator
- Cooling fan assembly
- Radiator cap
- Cooling fan control unit
- Cooling fan relay
- Seals and gaskets

### FUEL AND EMISSION CONTROL SYSTEM

- Intake manifold
- Throttle body
- Turbocharger assembly
- Exhaust manifold
- Fuel pump
- Fuel pump module
- Fuel injectors
- Fuel pump relay – FP module
- Solenoid valve assembly
- EGR valve
- Purge solenoid valve
- Main relay
- Volume/mass air flow sensor
- Crankshaft position sensor
- Engine coolant temperature sensor
- Cylinder head temperature sensor
- Oxygen sensor
- Knock sensor
- Variable Valve Timing motor
- Camshaft position sensor
- Fuel tank pressure sensor
- Powertrain control module

### CLUTCH

- Flywheel assembly
- Pilot bearing
- Clutch cover
- Clutch release fork
- Clutch master cylinder
- Clutch release cylinder
- Clutch pedal
- Clutch switch

### ENGINE ELECTRICAL SYSTEM

- Ignition coil
- Alternator
- Voltage regulator
- Alternator drive belt tensioner
- Starter

## FRONT AND REAR AXLES

- Seals & gaskets
- Front & rear drive shaft
- Inner & outer joint set (front)
- Joint shaft
- Front wheel bearing
- Front & rear wheel hub
- Rear axle bearing
- Differential assembly

## MANUAL TRANSMISSION

- Internal components, seals & gaskets
- Transmission case
- Clutch housing
- Transmission rear cover
- Shift fork & rod
- Control cables
- Propeller shaft assembly

## AUTOMATIC TRANSMISSION

- Internal components, seals & gaskets
- Transmission case
- Oil pan
- Oil pump assembly
- Torque converter
- Control valve body assembly
- Oil cooler
- Input speed sensor (pulse generator)
- Turbine speed sensor (pulse generator)
- Transmission control module (EC-AT)
- Transmission range switch
- Output speed sensor (pulse generator)
- Transmission fluid temperature sensor
- Hydraulic pressure control solenoid valve
- AWD (4WD) control module
- Transfer case & internal components
- Transfer case seals & gaskets

## STEERING SYSTEM

- Steering shaft
- Steering gear
- Rack and pinion
- Steering pressure switch
- Electronic Power Steering Module
- Power steering electric motor

## WIRE HARNESS

- Engine harness
- Interior lamp harness
- Front & rear door harness

- Main harness
- Rear harness
- Emission harness
- Instrument harness

## BRAKING SYSTEM

- Caliper assembly\*
- Brake pedal
- Brake switch
- Master cylinder assembly
- Power brake unit
- ABS sensor (front & rear)
- ABS hydraulic unit
- Yaw rate sensor or combined sensor
- Electronic Parking brake
- Parking brake switch
- Parking brake motor
- Parking Assist Unit

## SUSPENSION

- Coil spring
- Mount block
- Upper arm shaft
- Upper & lower control arm with ball joints
- Lower arm bushing
- Stabilizer bar
- Stabilizer control bolt (control link) and/or rubber
- Bushing
- Trailing link
- Lateral link (rear)
- Stabilizer control link (control rod)

## HEATER AND AIR CONDITIONING

- Climate control system
- Fan switch
- Solar radiation sensor
- Passenger compartment temperature sensor
- Ambient temperature sensor
- Blower unit
- Temperature actuator
- Heater core
- Compressor assembly
- Magnet clutch assembly
- Air conditioning relay
- Thermostat (frost switch)
- Evaporator coil
- Expansion valve
- Pressure switch
- Air conditioning pipe
- Condenser
- Receiver/drier

## BODY

- Lock set
- Trunk lid hinge
- Hood lock
- Trunk lid opener
- Trunk lid stay damper
- Power liftgate motor and module
- Front & rear seat assembly
- Front seat adjuster
- Front seat belt (retractor & buckle)
- Rear seat belt
- Power seat motor and switch
- Door hinge
- Door lock switch
- Power mirrors
- Power door lock motor
- Door weatherstrip
- Keyless entry system
- Sunroof frame
- Sunroof motor
- Sunroof weatherstrip
- Sunroof switch and/or tilt switch
- Front washer tank and/or motor
- Front & rear washer nozzle
- Front & rear wiper link and/or frame
- Front & rear wiper motor
- Front & rear wiper arms
- Wiper switch
- Rain sensor
- Air bag module
- Air bag sensor
- Air bag control unit
- Clock spring
- Tire pressure monitoring system (TPMS) control module & sensors

## ELECTRICAL SYSTEM – OTHER

- Auto cruise control system
- Fuse block or passenger junction box
- Body control module (BCM)
- Front Body Control Module
- Rear Body Control Module
- Ignition switch
- Forward sensing camera
- Combination switch
- Hazard switch
- Rear view camera
- 360° View Monitor Control Module
- Radar/ Front Radar
- Climate Control Unit (CCU)
- Active Driving Display
- Power window switch
- Remote control mirror switch
- Seat warmer switch

- Headlight levelling system
- Headlamp/Taillamp assemblies
- Adaptive Front Lighting System
- Blind Spot Monitoring (BSM)
- Meter unit (with speedometer/tachometer)
- Auto cruise control switch
- Theft-deterrent control system
- Horn & relay
- Heated steering wheel
- MAZDA CONNECT
- Audio set
- Antenna
- Speaker
- Amplifier
- Information display
- SiriusXM® Satellite Radio antenna
- SiriusXM® Satellite Radio unit
- Navigation system
- Hands-free telephone (HF/TEL) unit or Bluetooth® unit
- Daytime running light (DRL) control unit
- Dynamic Stability Control Module
- Electronic Brake Force Distribution (EBFD)
- Kinematic Posture Control (KPC)
- Remote Keyless Module
- Gateway Unit
- Telematic Communication Unit (TCU)
- Dosing Control Unit (DCU)
- USB Ports

## EV/HYBRID/PHEV/MHEV COMPONENTS

- Electric motor
- Electric motor shaft “O” ring
- Main relay
- Service plug
- Control Unit
- Support bracket
- Inverter
- Junction box
- DC-DC converter
- Drive motor control module (DMCM)
- EV transaxle
- Electrical Supply Unit (ESU)
- Heat pump
- ECU, heat pump
- On-Board charger
- Seals and gaskets

# MAZDA ADDED PROTECTION ALSO INCLUDES:

## RENTAL

You will be eligible for a rental vehicle worth up to \$50/day for up to 10 days, if your vehicle is inoperable due to a covered repair for 24 hours or longer.

## TIRES

Every MAP includes no-charge tire road hazard protection on original tires as well as approved replacement and winter tires purchased at a Mazda dealership:

- Full replacement coverage for the first 2 years or 40,000 km
- Pro-rated replacement coverage after the first 2 years or 40,000 km to 5 years or 100,000 km coverage
- Tire repairs during the life of contract or up to 5 years or 100,000 km
- See your Dealer for details.

## COMPONENT PROTECTION

Mazda Added Protection covers 2000+ components; plans range from 48 months with unlimited mileage and up to 7 years or 200,000 km.

## NO DEDUCTIBLE

All new vehicle MAP Plans have a \$0 deductible.

## ROADSIDE ASSISTANCE

Even regular maintenance can't protect you against unexpected situations. That's why each MAP includes Roadside Assistance for the duration of your coverage, including:

- Towing
- Battery boost
- Fuel delivery
- Tire service
- Lock-out service
- Winching
- Emergency travel expense reimbursement
- Travel planning

## OEM COLLISION PARTS GAP COVERAGE

Insurance coverage does not always allow for the replacement of collision-damaged parts with Genuine Mazda Parts – instead, aftermarket or other low-cost parts may be used. With MAP, Mazda Canada will cover the cost difference between the aftermarket part and a new or remanufactured Original Equipment part to ensure your vehicle is returned to like-new condition.

Mazda Added Protection does not cover the following components: Keyfob battery, glass, lenses, light bulbs, trim, moldings, bright metal, upholstery, paint, body, exhaust system (including catalytic converter), brake pads, brake rotors, clutch linings, shock absorbers, MacPherson struts, steering rack boots, drive axle boots, inner & outer tie rod ends, batteries, spark plugs, heater pipes & hoses, tires unless covered by Tire Road Hazard Coverage, side view mirrors, belts, external shift linkage, spare tire carrier, steel & alloy wheels, fuses, wiper blades, adjustments, water leaks, wheel balancing, wheel alignment, accessories, navigation system updates, accessory SD cards, high voltage battery (EV), high voltage battery capacity (EV), external charging cable and plug (EV).

### BACKED BY MAZDA

Most importantly, MAP is backed by Mazda Canada and honoured at authorized Mazda retailers throughout Canada.

### TRANSFERABLE

If you sell your vehicle, the remaining MAP coverage may be transferred to a new owner.

A well-maintained vehicle with remaining Mazda Added Protection coverage can add to the resale value of your vehicle.

### FINANCING

MAP can be included in your finance or lease contract, when you finance or lease your vehicle.

### WHY MAZDA ADDED PROTECTION?

- Avoid the surprise of unexpected high-cost repairs
- You can't be without a replacement vehicle while your vehicle is in for repairs for longer than 24 hours
- You want your vehicle to be serviced by Mazda factory-trained Technicians using Genuine Mazda Parts
- You value the benefits and security of Roadside Assistance
- You'd like to help maximize the resale value of your vehicle
- You want peace-of-mind motoring

This brochure is intended to provide general information about MAP. Following publication of this brochure, changes may have occurred which would not be included in this brochure. See your participating Mazda Retailer for up-to-date details. Mazda reserves the right to amend the MAP Program at any time without incurring obligations. Illustrations used in the brochure are for graphic representation only. Repairs needed to any engine, transmission and final drive components caused by or resulting from a non-Mazda component, such as an aftermarket-installed turbocharger, are not covered. In some cases, the use of Mazda authorized remanufactured parts is required. See your Mazda Retailer for more information on the MAP Program.
